

Bug Report

ID: TC-LOGIN-006

Title: In WordPress login not any validation message appear when username field is empty.

Bug Type: Functional

Frequency (x/y): 3/3

Environment

A WordPress login page.

Preconditions

Valid user credentials have been given for testing purpose.

Steps to Reproduce

1. Visit [site_name]/wp-admin/ url,
2. Leave the "Username or Email Address" field empty,
3. Enter a valid password
4. Click Login button.

Expected Result: A message below the "Username or Email Address" fields appears "Please fill out this field".

Actual Result: Not any message appears.

Severity: Medium

Priority: Hight

Status: Open
